COMMENTS

Fine and elegant formal dining with comfortable seating for a party of 8 guests.

The extraordinary galley, made of solid granite and stainless steel, perfectly equipped with latest technology equipment and large work area is a chef's dream.

As soon as you step through the electrical-opening glass sliding door, which leads to the welcoming main saloon, you will immediately feel the atmosphere and come to realize the difference from other yachts even bigger in length. From the first glance you will be stunned by the interior decoration and blend of soft colors, genuine leathers and unique furniture, which are a perfect sample of the warm-cosmopolitan Italian style.

Even the audio system is sophisticated Hi-End, including Hi-Resolution Plasma TV with hidden motorized lift.

There are only a few yachts that can cruise under any weather conditions anywhere in the world.

She is one of the finest custom built yachts, ABS certified for transatlantic range.

She is superb in every detail, from the massively rigid steel hull, aluminum superstructure and high technology engineering to the elegant hand crafted staterooms.

The layout of this semi-displacement hull is unique with a high degree of attention to detail and exquisite styling. The cherry and briar wood joinery is complimented by natural leather and silk for "Royal" personality.

Designed and built for luxury cruises with highest possible comfort and pleasure.

This is your private five star floating hotel.
